JOINED 29TH DIVISION TO HAVE REUNION

29th Division veterans of World Wars I and II will meet in Washington, D. C., over the coming Labor Day week-end. This will be the 37th Annual Reunion of the 29th Division Association. Headquarters for the four or more day meeting will be in the Hotel Washington, 15th Street at Pennsylvania Avenue, N. W.

Veterans of the famed Blue and Gray Division formed the 29th Division Association at the end of World War I. Following World War II, in which the Division participated so gallantly, membership of 29th men who had served in the second world conflict was sought. At the present time membership in the Association is about equally divided between World War I and World War II veterans.

There are few, if any, National Guard divisions which have a more colorful history than the 29th Infantry Division, which fought bravely and brilliantly during both World Wars. Memories of the Meuse-Argonne and Bois d'Ormont in World War I—or Omaha Beach, St. Lo, Brest, the Sigfried Line in World War II—and of many other 29th Division campaigns will be stirred again as hundreds of former privates and generals—many of them from this area—converge for a four-day session of comradeship and necessary business. Members from most of the 48 states will take advantage of the long Labor Day holiday to bring their families to the nation's capital for the sightseeing trips and special social events with which the Reunion's business sessions will be interspersed.

Highlighting the Reunion will be a solemn Memorial Service at the Tomb of the Unknown Soldier, on Sunday, September 4, followed by ceremonies in the Amphitheater of Arlington National Cemetery, where more than 500 of the 29th Division dead are interred. Among speakers will be former commanders of the 29th during its illustrious wartime service.

TOO MUCH WATER FOR "SHOWBOAT"

Warwick, R. I.- A recent presentation of the musical "Showboat" had to be cancelled because a heavy rainfall flooded the orchestra pit and tore holes in the canvas of the tent theatre.
